Everything That is Good and Hardy

PAEONIA FESTIVA MAXIMA

Special List of Stock that Can be Transplanted Early

Fall 1924

PEONIES

We have recently purchased the entire collection of Peonies (about 75,000 plants) from Mr. E. A. Reeves, who has been a Peony Specialist all his life. This includes the Gold Medal Collection with which he took many prizes.

We are moving the entire lot to our nursery this Fall and in order to dispose of the surplus, we are making the following

Very Special Prices

Plants offered are strong, healthy, three to five eye divisions. Six to nine eye clumps, extra heavy, at twice the price of three to five eye divisions.

Do not confuse our grade with the two to five eye plants that are sometimes offered, which we consider too small to plant. Most of our plants will make two of this latter size.

50 Plants at the 100 Rate.

250 Plants at the 1000 Rate.
